## Online Ordering Tools

### Saved Cart

Saved Carts are convenient when you need to sign out and return later to finish your purchasing work. Save your cart with a unique name for easy identification. You may save multiple carts.

### Shopping List

Shopping List is an efficient re-ordering tool and a great replenishment template. A saved shopping list can be ordered/re-ordered multiple times. You can easily organize groups of products by job, work site, material type, etc.

- Sort your shopping lists by title, SKU#, or My Part Number
- Unlike a Saved Cart, you can select one or all items to Add to Cart
- Pre-set your standard ordering quantities or enter as you go

## CASE STUDY

Hospital Parking Lot - Lighting Project

**End User: Regional Hospital**

**Location: Huntington, WV**

Regional hospital in Huntington, WV, which is one of the largest healthcare facilities in the area. This hospital consistently collaborates with State Electric to complete timely projects within budget.

An updated lighting package was needed after a new parking lot was completed in 2017. Dozens of LED Pole/Area and Wall Packs were used on the project. The innovative lighting system used 62 percent less energy, helping the hospital save thousands of dollars annually.
